10 Minutes To Live

by Sheri Schaefer, Associate Pastor, Church Alive, Albuquerque

"Ten Minutes to Live" shares the story of how the Lord helped me to know how to lead myself, my family, my friends and my church through the crisis of my husband, and their pastor's near fatal ski accident.

My husband, Mike Schaefer, and our son, Shaun, were skiing just a few short days after Christmas in Santa Fe, New Mexico. Very early in the day, as they were coming down the mountain, my son accidentally cut too closely in front of Mike. Mike, trying to avoid hitting him, made a sharp turn and ended up hitting a tree beside the trail. He was rushed to the hospital in Santa Fe in critical condition.

As tests were being run we all sensed that we were entering into a place spiritually that we had never been before.

10 Minutes To Live continued...

The words of God that I had previously planted in my heart began to come forth: "Mike will live and not die," Psalm 118:17. I had to fight against a paralyzing fear that wanted to keep me from speaking out God's Word over the situation.

My children and I all made a decision. It did not matter what the doctors said or what the facts in the reports and lists said. The facts were subject to change by the powerful Word of God! According to Isaiah 46:10 we will declare at the beginning the result and the end outcome before we actually see it.

This true-life story, **10 Minutes to Live**, will bless and encourage you in whatever situation you are facing- which now appears impossible. There are principles from God's Word to follow, to stand on, to apply to your life whether it be physical healing, finances or relationship restoration you are praying for.

God is so faithful in hearing the petitions of His people and answering! Pastor Mike Schaefer has recovered and is back actively proclaiming God's Word. Be watching for their incredible story and awesome testimony on God Answers Prayer.

Praise for Presence

by Teresa Roybal, TJR Ministries and "God Answers Prayer" Guest

Jerusalem was buzzing with excitement. After a reported 20 years their new King would bring the cherished Arc of the Covenant back into the holy city. Rich and poor, young and old, *everyone* would be apart of the celebration of this joyous day.

A most conspicuous absence was that of the Queen. The daughter of Saul remained inside the palace walls and watched the jubilant display from the height of her arrogance. Annoyance turned to loathing as she witnessed the ardent dance of her husband King. Little did she know, the disdain of her own heart would curse her womb and erase her legacy that very day.

Rehearsing choice words she welcomed the King home. "How the king of Israel has dignified himself today, exposing himself this day in the sight of his servant's slave girls like one of the rabble might shamelessly expose himself." (2 Samuel 6: 20)

We have all experienced the bleeding cut of the tongue's sword from those who say they love us. This darkly inspired accusation was noteworthy but then again, the enemy of our soul is not particular, *he will use anyone*. "It was before the Lord," David answered..."I was celebrating before the Lord. I will humble myself even more than this and be abased in my own eyes..."

We have much to learn from David's response. No flexing of his Kingly muscle, no retaliatory remark, but rather a statement of glory to God and self-abasement from a humble king.

I, like David have found love's reproach to be well worth its cost. I too pant for the Lord as deer pant for water. In those moments I've exchanged my *heartfelt praise for His holy presence*.

For losing myself in praise, worship and adoration, my broken heart has found repair, my spirit renewed and my body? *Miraculously healed*.

PRAISE. It is the kiss of our spirits to the feet of Jesus. It is the opening of the alabaster box of our hearts to pour forth its sweetest fragrance. The fragrance most loved and cherished by *our* humble and holy King.

What's Your Super Power?

by Nancy LaPointe, Christian Life Coaching and Pastoral Counseling Ministry, GAP Guest

A trending question today is "what's your super power?" Your super power is your greatest strength, your gift or talent, something that sets you apart from others. Reflecting on that for a moment, what comes to your mind? What sets you apart and lights the fire within you?

The reason that you can cite your super power or your gift is because, as a surrendered believer in Jesus Christ, the Holy Spirit has empowered you from on high. We must always remember this fact. Our Super Power Source is Almighty God. If we do not tap into His power, we have no ability to produce fruit for the Kingdom.

Believers today often are not distinguishable from non-believers. Many live in despair, depression and defeat. Why would we live that way when we are promised throughout the Word of God that we can take authority and walk in the power of the Holy Spirit? Do we believe that, or not? The power within us is "mighty for the pulling down of strongholds" 2 Corinthians 10:4. It is a supernatural, amazing gift given to every born-again soul on the planet. If we do not appropriate that power, it is useless.

If a robber broke into your home and you had a weapon to defend yourself and your family, would you just pull the blanket over your head or would you rise up and take authority? The enemy of your soul often comes in subtle ways to steal, kill and destroy. You are carrying within you the super power that exceeds all others... to be the victor! The power that resides in you is wielded by the Sword of the Spirit, the Word of God (Ephesians 6:17). If you choose to let it lie dormant, you are missing one of the most exciting and exhilarating opportunities of the Christian life. You have free will. You must make an intentional decision to utilize the power God has given you.

When we pray the Word of God, we bring power to a situation. Proclaiming the Word exhibits how living and active it really is (Hebrews 4:12), as we watch it's power defeat the enemy, uplift our souls and demonstrate to others an awesome reality.

There is power in the name of Jesus! Exercise that power. Whatever super power you enjoy seeing in yourself, imagine the scope of it when connected fully to the Power Source. Overcome temptations, cast out demons, defeat besetting sins---all by rising up, taking authority by the power of that Name, and be amazed at how your life changes.
